

Ordering process for ASEA!

There are different ways to order the Asea products. The company is working on a better ordering site. This instruction manual may change a little as they change their sites.

Step 1

Place Your Order

Subscribe to our Preferred Customer Program (autoship) and receive ASEA product at discount pricing delivered month. Cancel or edit your subscription at any time.

- Preferred Customer Program: Our most popular choice! **"Save as much as 15% - 35% on select products"** off the retail price.
- Retail Customer Program: Purchase ASEA products at regular retail prices.

SUBMIT

Preferred customer program: If you want to use the products for some months and longer, this will save you some money and it will give you the option to set up an auto-ship where you get your chosen products monthly. So it is for people who want more than just a one-time order.

Retail customer program: Order your products as a customer, one-time order, no percentage of the price. No auto ship. You of course still have a money back guarantee etc.

Now select your language and country and go to step 2

Step 2: Select Your Account Type.

ASEA Associate

Join today as a new associate and receive wholesale prices on all of our products. As an associate, you can also earn free products, earn commissions, and receive residual income using your free ASEA website to assist in placing your orders. As an associate you also receive the ASEA welcome kit which includes both digital and printed marketing materials, a global marketing website, and a back office management system valued at \$40.

Welcome Kit

This is the essential toolbox of materials that will get you started as a new ASEA associate.

Business eKit

Enroll

Preferred Customer

Sign up as a preferred customer with a monthly subscription, and receive wholesale pricing and discounts on all of our products.

Enroll

Retail Customer

Order any product, any time at the regular retail price.

Enroll

You can also choose if you want to be a preferred customer or an associate. If you wanted to buy as a retail customer one-time order, then chose retail customer. As a retail customer you don't get any questions about setting up an auto ship.

Preferred customer = Set up an auto ship and get your products monthly. (You can quit any time and you have a full return, money back guarantee on the products). Here you get the products cheaper (15-35%). The auto ship option comes after you have chosen your enrollment order.

Step 3: Enrollment Packs

The Preferred Customer program offers ASEA enthusiasts the opportunity to get ASEA products at wholesale prices. Placing your first order couldn't be easier. Select the product items you want, add them to your basket, and then click the Next button to proceed to checkout.

Associate = Join the company. You don't need to do anything for the company. You get 15-35% off the price. As long as you use the products monthly you will also get points that you can trade in for free products. You pay 40\$ a year and you get your own page with your own link that you can share with people. Here you can earn a full income by recommending the products to people. You can ask me more about the business if you are interested. It's great if you see that you get good results and want to help others with their health. I personally get free products worth more than 40\$ a year. I also get percentage every time someone orders through my link.

If you choose associate you will also get the option to buy bigger packs with more percentage. The bigger packs, the cheaper you get the products. More down on the same page you will see the smaller personal packs.

Step 3: Enrollment Packs

Select the product package that works best for you, your goals, and your budget. The larger volume packages include more product and offer additional savings. We recommend you order enough product for both your personal use and immediate sampling and retailing.

If you choose preferred customer or associate you will get the autoship step.

Step 4: Add Autoship

With our autoship program, we automatically send your shipment right to your door every month. For your convenience, we process your new shipment as well as the payment on the same day of the month. Your autoship start date reflects the date we'll ship your first delivery.

This auto ship can be changed and deleted at any time. The auto ship will start after about 3 weeks, making sure that you get a new package of products before you run out of your first order. This keeps going for as long as you want. I have had an autoship going every month for over 7 years.

Add the products you want to your basket and proceed to the next step which is your contact information and shipping address. There are some things to fill in here, the site will tell you if some of the fields aren't filled correctly. If you get problems with your address etc. try changing some of the space between the words etc. If this doesn't work contact me or contact Asea support and they fix it for you.

Step 5: Information

* Required

Personal	Contact
Primary First Name *	Code <input type="checkbox"/> Mobile Phone (xxx) xxx- <input type="checkbox"/>
Primary Last Name *	Code <input type="checkbox"/> Alternate Phone (xxx) xx- <input type="checkbox"/>
Primary Address	Email *

The next step is payment and submit order. You get to read through your order and the total cost (shipping etc) before you send in the order and pay. If you did something wrong just contact me or the company. They are super helpful and will give you back your money or help you with questions.
